

S.S.S. DRIVES OUT RHEUMATISM

A good liniment or plaster, or some good home remedy will usually give temporary relief from the pain of Rheumatism, but the disease is more than skin deep and cannot be rubbed away, nor can it be drawn out with a plaster. Such treatment neither prevents nor cures; the excess of acid, which produces Rheumatism, is still in the blood and the disease can never be cured while the circulation remains saturated with this irritating, pain-producing uric acid poison. The trouble will shift from place to place, settling on the nerves and causing pain and inflammation at every exposure or after an attack of indigestion or other irregularity. When neglected or improperly treated, Rheumatism becomes chronic and does not depend upon climatic conditions to bring on an attack, but remains a constant, painful trouble. S. S. S. drives out Rheumatism by neutralizing and expelling the excess of acid from the blood. It purifies and invigorates the circulation so that instead of an acid-laden stream, constantly depositing uric acid in the joints, muscles, nerves and bones, the entire system is nourished and made healthy by rich, life-giving blood. Book on Rheumatism and any medical advice desired will be sent free to all who write.

LARGE TANK AT NAVY YARD IS ERECTED

The Structure is Eighty Feet High, and Has 50,000 Gallon Capacity.

WORK IS NEARLY COMPLETED ON MAMMOTH STRUCTURE TO BE LARGEST IN THE YARD, AND WHICH HAS BEEN ERECTED AT AN ENORMOUS EXPENSE—OTHER WARRINGTON NEWS.

The largest water tank yet to be erected in the Navy Yard is nearing completion, and will be nearly three times as high as the other two tanks already in use, when it is finally completed. With a capacity of 50,000 gallons, the new tank will be 80 feet high. The work, which has been in the hands of Chicago contractors, has attracted considerable attention since it was begun several months ago, and the big iron structure represents the expenditure of an immense amount of time and money on the part of the United States government.

OTHER WORK NEARS COMPLETION.

With the completion of nearly all the contract work which has been under way in the yard for the past few months, work promises to be rather slack in some departments for some time at least. When the depression first became apparent last fall it was decided to furnish employment for the men in the accomplishment of certain large pieces of contract work which had been necessary for some time. The opportunity appeared to have arrived, and as a result some big pieces of work have been in hand since that time. It has been the desire of those in charge at the yard to retain as many of the men as possible until such time as work may pick up, and the large contract jobs have furnished an excellent occasion.

OTHER ITEMS OF INTEREST.

Warrington grocers are considering President Roosevelt in a much more favorable light than usual, as the result of his order that unpaid grocery bills, and other such minor annoyances shall be made the occasion for dismissal of any government employ who shall refuse or fail to settle the aforesaid bills. The new order of affairs, according to prom-

ment business people of Warrington, will serve to place matters upon an entirely different basis than that which they now stand. In fact, the harvest which will be reaped in some quarters by reason of this general "pay up or get out" order of affairs will be considerable.

Commander Herbert, of the steam engineering department of the Navy Yard has been ordered to the Philippines and will leave shortly to take up his new duties on the other side of the world. He has many friends in Warrington who will regret his departure.

A new cement walk is being installed around the Coren boarding house, which is being placed by the Pensacola owner of the property, who is Mr. W. J. Bell.

Shark stories continue to pour in from all sides concerning ambitious Warrington fishermen who appear to be out for big game in earnest of late. The Journal, in fact, has serious intentions of opening a special Warrington Shark column for the general information of the public and in order that records which are now being made and broken in startling rapidity may be tabulated correctly.

Mrs. Durant entertained a number of her friends on Monday evening of last week at her home, the event proving one of more than usual interest in the local social world. All those who were in attendance report a pleasant evening.

Mrs. A. Zellus Jr., of Pensacola, has been spending a few days in Warrington, the guest of her mother and father, Dr. and Mrs. Wagner.

Messrs. Simpson and Mayes have returned from Birmingham, Ala., where they spent a few days during the recent week.

Mr. and Mrs. J. Vick, who have been residing at the Navy Yard for some time, have returned to Birmingham. Mr. Vick has been engaged as boss plumber at the Yard for some time.

The marriage of W. M. Allen and Mrs. J. Smith took place last Tuesday evening. Father Brady officiating. The groom is an employee of the Navy Yard, and is well known among a large circle of friends in Warrington as also the bride. The couple have received the congratulations of a large list of acquaintances at the Yard, and will make their permanent home in Warrington.

Mrs. Henry Touart, has gone to New Orleans, where she will join her husband, who has been employed in that city for the past month. Mrs. Touart is popular with a large list of Warrington acquaintances, and the decision of herself and husband to make the Crescent City their future home is regretted.

Frank Bonner is home from New York, where he has been attending school.

St. John's church is being repaired and painted, the work having already resulted very satisfactory to the outward appearance of the structure.

Mr. and Mrs. W. C. Cash have left for their future home in Cincinnati, Ohio, where Mr. Cash has large business interests. Mr. Cash, who has had charge of a large amount of contract work at the Yard, has made many friends during his residence in Warrington while his bride, as Miss Oldmixon, is one of Warrington's most popular daughters. Mrs. Cash, in fact, has been reared among those who saw her a bride last Monday night, and there are many who wish her all good fortune among her new surroundings.

Miss E. McClellan, has returned from Bayou Ramus, La., where she has been teaching school. She will spend the summer as usual with her mother.

The Married Ladies' Euchre club met at the home of Mrs. E. E. Chaffin on Thursday afternoon, a delightful time being reported by all who were fortunate in being in attendance. Beside the members of the club a guest table was also provided. The first prize was won by Mrs. E. Hayne, the second by Mrs. M. Jones, the third by Mrs. Julian Cronin, and the booty by Mrs. G. J. Egerer. Refreshments were served, and a pleasant afternoon spent by the ladies of the club and their guests. The Married Ladies' Euchre Club is easily one of Warrington's most popular society clubs, and its weekly events prove a pleasant pastime for those who compose its membership.

Several times during the recent thunderstorms, which have prevailed, bolts of lightning have struck in the vicinity of Warrington, having torn up the ground and injured trees in one or two instances. No damage to property, however, has resulted.

Warrington people are taking a great deal of interest in the proposition of holding a record-breaking Fourth of July celebration at Bay View Park. Citizens at the Yard are pleasure lovers from the word "go," as has been demonstrated many times before, and the idea is being characteristically indorsed.

Nothing daunted with recent results which have befallen it on the diamond, the Warrington baseball team is continuing in its splendid practice, and indications are good for a splendid season's record for the year, if the present spirit continues.

CRAWFORD ON GOV. BROWARD

Campaign Manager Says Fletcher's 11th Hour Charges Won't Go.

John T. G. Crawford who, since the beginning of Governor Broward's sensational campaign, has been managing the campaign from the governor's Jacksonville headquarters, returned to Pensacola Sunday and will be here to vote today. Mr. Crawford is very sanguine as to Governor Broward's prospects for success and to a Journal representative yesterday he said:

"Having been in charge of Governor Broward's headquarters in Jacksonville since his entry into the senatorial race, I have been in touch with almost every county in the state, and feel certain that Governor Broward will be elected by a majority exceeding five thousand votes."

"Mr. Fletcher's eleventh hour charge alleging a deal will, in my opinion, prove a boomerang. Governor Broward's long and consistent fight for the principles he now stands for, makes this charge ridiculous, and the fair-minded people of the state will not be fooled into giving credence to a charge preferred too late to be answered."

"Remembering Mr. Fletcher's forecast of the first primary, and the fact that Governor Broward carried half the counties he claimed, I do not care to name the counties we expect to carry, but will say that we believe now that the Governor will receive majorities in twenty-nine of the forty-six counties."

CANDIDATE FOR DELEGATE.

Mr. Crawford is himself a candidate for district delegate to the National Democratic Convention and his friends over the district have been putting in some active work for him.
